Editor's Notes—

Enclosed is an updated Roster and Contact Sheet. We now have the data base in Excel and can output in this Word format. Though it is still subject to operator error (ypos, e.g.), it should be accurate and up to date. That is, it will be as up to date as you make it. That means, you must notify both The Backwash (david.stires@verizon.net or 778-5036) and The Secretary (willietmoran@aol.com or 774-1280) of any changes. Notification by e-mail is less prone to error and is preferable.

We plan to revise and enclose the Roster bimonthly (every other month, or every four Backwash issues). We will do an interim revision if we receive corrections in at least two members' entries.

You may wonder why, if you have updated your entry on the website members directory, that it can't be used as a printed Roster and Contact Sheet. The main reason is we cannot access website ClubMate directory data selectively; that is, we cannot select and output just the names and contact information. Also, when you update your web entry directly neither the Secretary nor The Editor know your data have been changed. The website directory must be kept updated, however, so it can be printed annually or semiannually as our official directory (including photographs, classifications, hobbies, spouses, etc.).
