Box# 109 deployed to Namibia

Dear Rotarians,

We are excited to inform you that the ShelterBox you sponsored has been deployed to the Kavango region of Namibia. Recently northern Namibia experienced severe rain and major flooding. The Namibian government declared a state of emergency after river banks burst and nearly 13,400 people were displaced.

ShelterBox deployed approximately 370 boxes, 130 Africa tents, and 30 additional boxes of essential equipment to the region which will house approximately 3,700 people displaced and left without adequate shelter. Each ShelterBox contains a ten person tent, water proof blankets, a cooking stove, water purification and other essential tools vital to the survival of the people in the region.

ShelterBox has been busy during the last few months, providing aid not only to survivors of the flooding in Namibia, but to survivors of Cyclone Aila, earthquake survivors in Italy, refugees in Pakistan and Sri Lanka, and orphaned children in Swaziland.

Your Destination Notification, displaying your unique box number and deployment location, is enclosed. I hope you will display it proudly. Your gift enabled us to provide hope to a family during their time of need.

Thank you again for your gift. We are so grateful to have supporters like you, who ensure that we can deliver much-needed aid to survivors of crisis like this throughout the world.

Warm regards,

A handwritten signature in blue ink that reads "Veronica".

Box# 131-138 deployed to Niger

Dear Rotarians,

We are excited to inform you that the ShelterBox you sponsored has been deployed to Agades, Niger in West Africa. The region experienced severe rain and major flooding. Rivers that had remained almost dry for 90 years were swollen by torrential rains and then burst their banks. Reports say more than 650,000 people have been displaced in seven different West African countries as a result.

ShelterBox deployed approximately 700 boxes to the region, housing approximately 7,000 people left without adequate shelter. Each ShelterBox contains a weatherproof ten person tent, waterproof blankets, a cooking stove, water purification supplies, mosquito netting, and other essential tools vital to the survival of the people in the region.

ShelterBox has been busy during the last few months providing aid not only to survivors of flooding in West Africa, but to those affected by Typhoons Ondoy & Morakot in the Philippines, the tsunami that recently struck Samoa, and the series of massive earthquakes that shook Sumatra, Indonesia.

Your Destination Notification, displaying your unique box number and deployment location, is enclosed. I hope you will display it proudly. Your contribution enabled us to provide hope to a family during their time of need.

Thank you again for your gift. We are so grateful to have supporters like you, who ensure that we can deliver much-needed aid to survivors of crisis like this throughout the world.

Warm regards,
